Library is On Track with the Reading Railroad

Oldham County, KY- The Oldham County Public Library is looking for donations for the Reading Railroad. Each year, the library collects money to help provide free books to Oldham's kids & families in need at Christmas. This year, the Reading Railroad will support Tri-County Community Action Agency's Teddy Bear Tree. Donation boxes for monetary contributions will be located at each of the Library's three branches throughout the month of November. Donate a dollar, and a train will be placed in the window with contributor's name to recognize the donation.

Keep your books overdue!! The library is also encouraging patrons to return their items late during November 12th- November 18th. All fines collected at the libraries during this time period will be given directly to Reading Railroad.

"It's a good time of the year to be bad," Says Bethany Morse, Outreach Librarian. *"Even Santa looks kindly on late books, given that they are supporting a good cause.. It's also a great time to return those books that you've had since Summer Reading Program!"*

For more information about the Reading Railroad, please contact the library offices at 502-241-9899.
